INSTRUMENTS

CP4 Professional *Cello*

The ultimate gigging instrument. This cello was designed for all environments and any style of music - orchestral to combo, classical to contemporary, acoustic or electric.

The CP4 has a responsive, powerful and open sound that is ideal for professional and semi-professional players looking for a cello that is rugged, versatile and practical.

Features:

1. Electric and acoustic
2. Unique pickup and active electronics
3. Excellent feedback rejection
4. Easy, low cost maintenance
5. Ultra robust, modern construction
6. Unique carbon fibre/wood technology
7. Unaffected by heat and humidity
8. Stable tuning in all conditions
9. Professional strings
10. Comes with 2 bridges (wood and carbon - fibre)
11. Australian designed and manufactured
12. Limited Lifetime Warranty

Technical details:

Overall length: 1212 mm
String (Scale) length: 690 mm
Overall depth (incl bridge): 235 mm
Upper bout: 363 mm
Lower bout: 444 mm
Typical weight: 3.25 kg

Construction:

Materials: Wood neck and carbon fibre/wood body.

The high strength to weight ratio of carbon fibre means the instrument is lighter, louder and more responsive than the all wood equivalent.

Finishes: Epoch Instruments use the latest hi-tech, durable 2-pack finish. The CP cello has a total matching full gloss finish.

Colours:

Traditional.

Pearl: White, Yellow, Calypso Blue,

Burnt Orange, Red, Black

Effect: Marble and Chameleon

Electronics:

This cello is fitted with our EPAC active electronic pickup system. This is a hand made, purpose-built system specially designed for playing with a bow (arco).

Electronic features of this instrument are –

1. A unique piezo based pickup embedded in the treble sound post
2. A purpose and hand build preamp using discrete circuitry.
Controls - volume, bass, treble, phase switch and indicator, on/off switch and power indicator
3. 9v battery power supply with ready access (to the players right of the end pin)
4. Convenient control panel placement allowing easy adjustment, even while playing (55mm to the players right of the neck)
5. Practical and conveniently located output jack (on the bottom to the players right of the end pin)

Output/sensitivity: 50k ohms
